**Independent Auditors' Report**  
**To the Members of MKJ Enterprises Ltd.**

## **Report on the Audit of the Standalone Ind AS Financial Statements**

### **Opinion**

We have audited the accompanying standalone Ind AS Financial Statements of **MKJ Enterprises Ltd.** ("the Company") which comprise the Balance Sheet as at March 31<sup>st</sup> 2020, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31<sup>st</sup> 2020, its profits including other Comprehensive Income, the statement of changes in equity and the Cash Flow Statement for the year ended on that date.

### **Basis for Opinion**

We conducted our audit of the standalone Ind AS Financial Statements in accordance with the Standards on Auditing, as specified under section 143(10) of the Act. Our Responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules framed thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

### **Key Audit Matters**

Key Audit Matters ('KAM') are those matters that in our professional judgment were of most significance in our audit of the standalone Ind AS Financial Statements for the financial year ended March 31<sup>st</sup> 2020. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no Key Audit Matters and so the same have not been communicated in our report.

### **Other Information**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, but does not include the Standalone Ind AS Financial Statements and our auditor's report thereon.

Our opinion on the standalone Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of Management and Those Charged with Governance for the Standalone Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this standalone Ind AS Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- 
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
  - Evaluate the overall presentation, structure and content of the standalone Ind AS Financial Statements, including the disclosures, and whether the standalone Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Annexure - B to the Independent Auditors' Report of Even Date on the Standalone financial statements of MKJ Enterprises Limited.**

*[Referred to in paragraph 2 under "Report on other Legal and Regulatory Requirements" in our Independent Auditors' Report of even date]*

## **Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **MKJ Enterprises Ltd.** ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India" (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

## Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

## Significant Accounting Policies and Notes to Financial Statements

### **Corporate Information**

MKJ ENTERPRISES LTD. ("the Company") is a public limited Company incorporated and domiciled in India. The Company is primarily engaged in the Trading in Stainless Steel and Allied Products. The registered office of the Company is located at Sagar Estate, 3rd Floor, 2, Clive Ghat Street, Kolkata-700 001.

#### **Note: 1. Significant accounting policies**

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

##### **(a) Basis of Preparation**

These accounts have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act 2013 ("Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and the relevant amendment rules issued thereafter. These financial statements are prepared in accordance under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair value at the end of each accounting period.

##### **Amendments issued to Ind AS but not effective:**

On 30<sup>th</sup> March 2019, Ministry of Corporate Affairs ("MCA") has notified the IND AS 116 Leases and Appendix C of Ind AS 12 "Uncertainty over Income Tax Treatment and amendments to Ind AS19, Employee benefits in connection with accounting for plan amendments, curtailments and settlements. The effective date for adoption of the same is financial periods beginning on or after 1<sup>st</sup> April 2019. The company is in the process of evaluating the effect on its adoption.

##### **(b) Foreign currencies**

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

##### **(c) Revenue recognition**

**The Company derives revenue on trading of Stainless Steel and Allied Products.**

Revenue is recognised on satisfaction of performance obligation at an amount that reflects the consideration to which the Company expects to be entitled in exchange of selling of products to customers.

The Company's performance obligation is on **trading of** Stainless Steel and Allied Products.

With effect from 1 April 2018, the Company has adopted IND AS 115 'Revenue from Contracts with Customers' which introduces a new five-step approach to measuring and recognising revenue from contracts with customers. Under IND AS 115, revenue is recognised on satisfaction of performance obligation at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

## Significant Accounting Policies and Notes to Financial Statements

The Company has elected to apply the Cumulative catch up method in adopting IND AS 115. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

### **Contract assets and Contract Liability**

Revenue in excess of invoicing are classified as contract assets (which we referred as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which we refer as unearned revenue)

Interest income is recognised using the effective interest method. All other income are recognised on accrual basis.

### **(d) Income Tax**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

### **(e) Leases**

Leases of property, plant & equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight line basis over the period

of the lease unless the payments are structured to increase in the line with the expected general inflation to compensate for the lessor's expected inflationary cost increases.

**(f) Impairment of assets**

Assets are tested for impairment whenever the events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**(g) Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with the financial institutions, other short term, highly liquid investments with original maturities of three months or less (except the instruments which are pledged) that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

**(h) Inventories**

Inventories are valued at lower of cost or market price in case of securities and at lower of cost or net realisable value in other cases.

**(i) Financial Instruments**

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

### **Investment and other financial assets**

**(i) Classification**

The company classifies its financial assets in the following measurement categories –

- Those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- Those measured at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of cash flows.

## Significant Accounting Policies and Notes to Financial Statements

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at the fair value through other comprehensive income.

### **(ii) Measurement**

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction cost that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

### **(iii) Impairment of financial assets**

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

### **(iv) De-recognition of financial assets**

A financial asset is derecognised only when

- The company has transferred the rights to receive cash flows from the financial asset; or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

## **Financial Liabilities and equity Instruments**

### **(i) Classification as debt or equity**

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement.

## Significant Accounting Policies and Notes to Financial Statements

### **(ii) Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

### **(iii) Compound financial instruments**

The component parts of compound instruments (convertible instruments) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangement. At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for a similar non-convertible instrument. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date. The equity component is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured.

### **(iv) Financial guarantee contract liabilities**

Financial guarantee contract liabilities are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- The amount of the obligation under the contract, as determined in accordance with Ind-AS 37 Provisions, Contingent Liabilities and Contingent Assets; and
- the amount initially recognised less, where appropriate, cumulative amortisation recognised in accordance with the revenue recognition policies.

### **(v) Financial Liabilities**

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

#### **Financial Liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been acquired or incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and for which there is evidence of a recent actual pattern of short-term profit taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may also be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Companying is provided internally on that basis; or

# **MKJ ENTERPRISES LTD.**

(CIN: L51909WB1982PLC035468)

## Significant Accounting Policies and Notes to Financial Statements

- it forms part of a contract containing one or more embedded derivatives, and Ind-AS 109 Financial Instruments permits the entire combined contract to be designated as at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the statement of profit and loss, except for the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability which is recognised in other comprehensive income.

The net gain or loss recognised in the statement of profit and loss incorporates any interest paid on the financial liability.

### **(vi) Other financial liabilities**

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

### **(vii) Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

### **(i) Property, plant and equipment**

Property, Plant and Equipment are stated at cost, less accumulated depreciation (other than Freehold Land) and accumulated impairment loss, if any. The cost of Property, Plant & Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use. Interest and other financial charges on loans borrowed specifically for acquisition of capital assets are capitalised till the start of commercial production. Depreciation is provided on the straight line method over the estimated useful lives of assets and are in line with the requirements of Part C of Schedule II of the Companies Act, 2013.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as Capital Advances under other Non-Current Assets and the cost of assets not put to use before such date are disclosed under 'Capital Work in Progress'. The cost and related accumulated depreciation are eliminated from the Financial Statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit & Loss. The method of depreciation, useful lives and residual values are reviewed at each financial year end.

## Significant Accounting Policies and Notes to Financial Statements

### **(k) Intangible assets**

#### **Software**

Cost of software is amortized over a period of 6-10 years, being the estimated useful life as per the management estimates. The Cost of Intangible assets are amortized on a straight line basis over their estimated useful life.

### **(l) Borrowing Costs**

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the income statement over the period of the borrowings using the effective interest rate method. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the statement of Profit and Loss in the period in which they are incurred.

### **(m) Provisions**

Provisions are recognised when the Company has a present obligation as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. Contingent liabilities are disclosed when the Company has a possible obligation or a present obligation and it is probable that a cash outflow will not be required to settle the obligation. Provisions & Contingent Liabilities are revalued at each Balance Sheet date.

### **(n) Employee benefits**

#### **(i) Defined contribution plans**

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has not further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

#### **(ii) Other long-term employee benefits obligations**

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of the year in accordance with the provision of Ind AS 19 - Employee Benefits. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in Statement of Profit & Loss.

## Significant Accounting Policies and Notes to Financial Statements

### **(iii) Post-employment obligations**

The Company operates a defined benefit gratuity plan in India, comprising of Gratuity fund with Life Insurance Corporation of India. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of the year in accordance with the provision of Ind AS 19 - Employee Benefits. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effect of any plan amendments are recognized in the Statement of Profit & Loss.

### **(o) Earnings per share**

The basic earnings per share ("EPS") is computed by dividing the net profit after tax for the year by the weighted average number of equity shares outstanding during the year. For computing Diluted earnings per share potential equity shares are added to the above weighted average number of shares.

**Notes forming part of Financial Statements:**

**B. Secondary Segment :**

The Company does not have secondary segment.

Accounting Policy adopted for Segment Reporting are in the line with Accounting Policies of the Company.

Segment has been identified in line with the Accounting Standard - 17 on Segment Reporting taking into account organization structure as well as differential risks and returns of these segments.

Fixed assets used in company's business have not been identified to any of the reportable segments as they are used interchangeably between segments. Further Cash, Bank balances and Investments are reported at the enterprises level.

Current Assets and Current Liabilities relating to specific business segments are identified and reported. Those, which are not identifiable, are reported as unallocated assets/liabilities.

**32. A) Measurement of Fair Value**

The following methods and assumptions were used to estimate the fair values:

- The carrying amount of trade receivables, trade payables, deposits, other receivables, cash and cash equivalent including current bank balances and other liabilities are considered to be the same as their fair values, due to current and short term nature of such balances.
- Financial instruments with fixed and variable interest rates are evaluated by the company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation allowances if required, are taken to account for expected losses of these receivables.
- The fair value of investment in equity shares other than subsidiaries were calculated based cash flow discounted using the current lending rate. They are classified as Level-3 fair values in the fair value hierarchy due to inclusion of unobservable inputs.
- In unquoted equity instruments where most recent information is not available, or where a wide range of possible fair value measurements are present, cost has been considered to be the fair value.

**B) Fair Value Hierarchy**

The fair value of financial instruments as referred to above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities ( Level-1 measurements) and lowest priority to unobservable inputs ( Level-3 measurements).

**Level 1 :** Level 1 hierarchy includes financial instruments using quoted prices. These include listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in stock exchanges are valued using the closing prices as at the reporting period.

**Level 2 :** The fair value of financial instruments which that are not traded in active markets are determined using the valuation techniques which maximise the use of unobservable market data and rely as little as possible on entity-specific estimates. If all the significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

**Level 3 :** If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. This is the case for unlisted equity securities included in Level 3.

**33. Capital Management**

The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and maximize shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic conditions, annual operating plans and long term and other strategic investment plans. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders or issue new share. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2020 and March 31, 2019.

The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings less cash and bank balances. Equity comprises of equity including share premium and all other equity reserves attributable to the equity share holders.

The company's adjusted net debt to equity ratio is as follows

	<u>Amount ₹ in lakhs</u>	
	31st March, 2020	31st March, 2019
<b>Borrowings</b>		
Long term and Short term	10,353.34	2,880.04
Less: Cash and Cash Equivalents	(549.27)	(1,703.78)
Adjusted net debt	<u>9,804.07</u>	<u>1,176.26</u>
Total Equity	13,121.70	12,618.35
Capital Gearing Ratio	0.43	0.09

**34. Financial Risk Management**

The process of identification and evaluation of various risks inherent in the business environment and the operations of the company and initiation of appropriate measures for prevention and/or mitigation of the same are dealt with by the concerned operational heads under the overall supervision of the Managing Director of the company. The Audit Committee periodically reviews the adequacy and efficacy of the overall risk management system. The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company has in place adequate internal Financial Controls with reference to financial statements and such internal financial controls are operating effectively. Your company has adopted policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records and timely preparation of reliable financial statements.

The Company has exposure to the following risks arising from financial instruments:

- a) Credit Risk
- b) Liquidity Risk
- c) Market Risk

**A. Credit risk**

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables. The carrying amounts of financial assets represent the maximum credit risk exposure.

i) Trade and other receivables

An impairment analysis is performed at each reporting date. The expected credit losses over lifetime of the asset are estimated by adopting the simplified approach using a provision matrix. The loss rates are computed using a 'roll rate' method based on the probability of receivables progressing through successive stages till full provision for the trade receivable is made.

The Company held cash and cash equivalents and other bank balances of ₹ 549.87 Lakhs as at March 31, 2020 (₹ 1703.78 Lakhs as at March 31, 2019). The same are held with banks with good credit rating.

**B. Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to manage liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities as and when they are due, both under normal and stressful conditions.

The following are the remaining contractual maturities of financial liabilities as at the reporting date. The amounts are gross and undiscounted.

Sl.	Particulars	1 year or less	1 - 2 years	More than 2 years	Total
		₹	₹	₹	₹
a)	<b>Contractual maturities of financial liabilities as at 31st March, 2020</b>				
	Borrowings - Non-Current	-	-	-	-
	Borrowings - Current	5,594.46	-	-	5,594.46
b)	<b>Contractual maturities of financial liabilities as at 31st March, 2019</b>				
	Borrowings - Non-Current	-	-	-	-
	Borrowings - Current	2,239.53	-	-	2,239.53

**C. Market risk**

Market risk is the risk that the fair value of future cash flows of a financial assets will fluctuate because of changes in market prices. The objective of market risk management is to manage and control risk exposure within acceptable parameters.

**D. Interest Rate Risk and Sensitivity**

The Company's exposure to the risk of changes in market interest rates relates primarily to the long term debt obligations with Floating or Fixed rate of interest.
